

## SDL MOCK EXAM CODE AND OUTPUT

NAME: SUMEDH PIMPLIKAR

ROLL: TYCOC224

PRN: 122B1B224

BATCH: C4

### Problem Statement:

Write J Query statements that gather the info from the input fields, store the values into variables and perform some operations with them

### Proposed Solution:

Input 2 numbers and perform addition and multiplication operations on them.

### Code:

```
!-- skill development laboratory mock practical  1 April 2025  Name: Sumedh Pimplikar  
Batch: C4  PRN: 122B1B224 -->
```

```
<!-- problem statement: Write JQuery statements that gather the info from the input  
fields, store the values into variables and perform some operations with them -->
```

```
<!-- proposed solution: input 2 numbers and perform addition / multiplication  
operations -->
```
